Our records indicate that you have not yet booked your annual review for your long-term condition(s) following a recent invite.

Please see any instructions below. These will vary depending on your conditions:

Please contact the surgery, after 2pm on **0151 928 8849**, to book in with our healthcare assistant for a blood test or at an alternative location.

You only need to book a blood test if you have the following – Hypertension, Diabetes, Heart disease or have had a stroke.

Once you have had your bloods done, please make an appointment to see the practice nurse for your annual review.

Please bring your first urine sample of the day to the nurse's appointment.

Should you choose not to attend the practice for your review, please complete and return the slip below and we will not contact you again for another year.

If you have booked or already attended your annual review, please ignore this letter.
